 SUNSPHERE PRO

# LUMINOUS EFFICIENT DYNAMIC

„Progress is the realization of ideas“ – Oscar Wilde

With the K7 KBL build the foundation of the K-Series. Captivating design and innovative technologies lead the way for the newest top model **K9S**. Born from the pen of Etienne Salome, a designer known for his work for Bugatti automobiles, the **K9S** completes the K-Series. SunSphere Pro

marks a great leap into the future for KBL. The premiere of UVB-LEDs in a solarium phases out conventional T5 lamps in the face and décolleté area.

A smaller overall footprint without compromising interior space compared to our P9S marks another great feature. **K9S** is the complete package.
